What is the Plaza?

The Plaza is an extension of The City, a social network used by churches all over the world to build and enable real-life community. The Plaza provides a connection point where the people of these organizations interact and share the life of their community with the world around them.

We hope the Plaza will enable you to get involved in the real-life community that is happening all around you!

The Kingdom of God is for the spiritually sick who want to be healed, the spiritually corrupt who want to be cleansed, the spiritually poor who want to be rich, the spiritually hungry who want to be fed, the spiritually dead who want to be made alive. It is for the ungodly outcasts who long to become God's own beloved children.

There are three kinds of people in the world today. There are **well poisoners**, who discourage you and stomp on your creativity and tell you what you can't do. There are **lawn mowers** - people who are well-intentioned but self-absorbed; they tend to their own needs, mow their own lawns and never leave their yards to help another person...

{embody}

Finally, there are **life enrichers** - people who reach out to enrich the lives of others, to lift them up and inspire them. We need to be life enrichers, and we need to surround ourselves with life enrichers.
